---

### Profile

Highly skilled Full-Stack Developer proficient in web development and programming, with expertise in ReactJS, NodeJS, Express, and MongoDB. Passionate about delivering innovative solutions and building seamless, high-performance applications tailored to diverse needs.

### Skills

- **Frontend:** React, Next.js, Tailwind CSS, Redux, React Query, JavaScript, HTML5, CSS3
  - **Backend:** Node.js, Express.js, MongoDB
  - **Cloud :** Vercel, Netlify, Render, Docker, Cloudflare
  - **Tools & Others:** Git, RESTful APIs, WebSockets, Agile methodologies.
- 

### Work Experience

#### Full Stack Developer || Full-Time

Gugli Tech, Indore (M.P) | 2024-25

- Developed a **real-time birthday notification system**, enhancing workplace engagement by alerting employees about team members' birthdays.
- Implemented **WebSockets** for real-time notifications, ensuring instant updates across all users.
- Built an **interactive admin dashboard** for managing employee data, notifications, and system analytics.
- Ensured data security using JWT-based authentication and role-based access control (RBAC)

#### Frontend Developer || Internship

Signimus Software, Indore (M.P) | May 2023-24

- **Frontend Development:** Proficient in building responsive, interactive, and high-performance user interfaces using React and modern front-end frameworks.
  - **State Management:** Extensive experience with Redux for managing complex state, handling global application state, and ensuring state consistency.
  - **Data Fetching & Caching:** Expert in using React Query for efficient data fetching, caching, and synchronization with real-time data updates.
  - **Performance Optimization:** Leveraged tools and techniques to optimize front-end performance and ensure fast-loading applications.
- 

### Education

#### Medicaps University Indore 2022-24

- **Master of Computer Application**
